100 Mission Statement:

Our mission is to maintain and enhance the economic, cultural and social well being of our ratepayers.

We accomplish our mission by providing services to the public which cannot feasibly be achieved individually such as transportation, protective, environmental, public health, welfare, economic development, recreational and cultural services for the benefit of the public as a whole.

100-1 Introduction

This manual is designed to provide the Reeve, Councillor's and administrative staff with a quick reference to legislation governing the municipality, policy, procedures and general information as it pertains to the R.M. of Webb No. 138. This manual is for the sole use of council and staff, representing the R.M. of Webb No. 138, and is not for distribution. This manual is intended for reference purposes only. It is not meant to replace provincial legislation.

The manual is divided into five major sections having a table of contents and index as follows:

- 1) Policy Manual (general municipal operations) – this section deals with the general administrative function of the Municipality and the various services provided by the Municipality to its ratepayers as well as the municipalities forward planning strategy.
- 2) Safety and Loss Prevention Manual
- 3) Zoning Bylaw No. 2002-2
- 4) Council Procedures Bylaw No. 2016-02
- 5) Councillor Handbooks

Policies are part of the everyday life of any business or organization. They are frequently discussed and consulted in order to decide direction and action, reconcile conflicts, define acceptable behavior and save time and money. **The policies may be changed or deleted by resolution of Council.**

The manual shall be distributed to each Council member and Administrator and will be updated annually and serve as the orientation document for all new council and administrative staff members as well as serve as an ongoing municipal reference.

100-2 Definitions

- a) **"the Act"** shall mean the Municipality Act;

- e) **"Municipality"** shall mean the Rural Municipality of Webb No. 138;
- f) **"policy"** is a definite course or method of action set by resolution of Council, to determine present and future decisions;
- g) **"RMAA"** shall refer to the Rural Municipal Administrators' Association of Saskatchewan;
- h) **"SARM"** shall refer to the Saskatchewan Association of Rural Municipalities.

200 General Government

200-1 The Municipalities Act (MA)

Previous municipal legislation was “prescriptive” in nature, meaning the statutes set out or “prescribed” the authority for municipalities to perform actions. If an act or other piece of legislation did not give specific authority to do something a Municipality could not lawfully perform the action.

The Municipalities Act is “permissive” legislation that introduces the concept of “natural person powers”. Municipalities are considered corporations and have the powers, rights and privileges of a “natural person” for the purpose of carrying out or administering its activities unless those powers are limited by legislation.

The MA clearly states that the purpose of a Municipality is to:

- ♦ Provide good government;
- ♦ Provide services, facilities and other things that in the opinion of council are necessary and desirable for all or part of the Municipality;
- ♦ Develop and maintain a safe and viable community;
- ♦ Foster economic, social and environmental well-being;
- ♦ Provide wise stewardship of public assets. MA 4(2)

The MA reinforces the concept that municipalities are accountable to their electorate and have a responsibility and duty to encourage and enable public participation in the governance process.

200-2 The Council

The council is the main body of local government. The Councillor’s and Reeve are primarily elected for their leadership qualities. As citizen representatives they have a vested interest in the welfare of their community and therefore must possess two other necessary qualifications. First a member must have the skill and experience to adequately meet the demands of the position. Secondly, he or she must have the time and the willingness to serve. The following is a condensed, but comprehensive list of the duties involved in being a Councillor.

200-2.1 Oath of Office

All members of council must take an official oath of office in a prescribed form before carrying out any power, duty or function as a member of council. MA 94

200-2.2 Reeve, Deputy Reeve and Acting Reeve

Reeve shall perform any other duty imposed by the MA or any other Act or by bylaw or resolution. MA 93

The council of a Municipality may appoint a Councillor as Deputy Reeve. A Deputy Reeve acts as the Reeve if:

- a) the Reeve is unable to perform the duties of the Reeve;
- b) the office of Reeve is vacant. MA 91

If a vacancy arises in the office of Reeve, the council shall, at its next meeting, appoint a Councillor to act as Reeve until an election is held to fill the vacancy. MA 97

200-2.3 Council Development

The Municipality encourages professional development of Council and staff by paying the registration fees for the Municipal Leadership Development Program (MLDP) course modules. The Municipality shall pay the Councillor's indemnity and travel for the time spent on attending these courses.

In the event that an individual withdraws from the course after the deadline for withdrawal, the individual shall be held personally responsible for the full registration fee.

200-3 Code of Ethics of Council

1. I will be motivated primarily by an earnest desire to serve my municipality and the people of my community to the best of my ability.
2. I will endeavor to attend all council meetings.
3. I will recognize that the expenditure of municipal funds is a public trust, and I will endeavor to see that all such funds shall be expended efficiently, economically and in the best interest of the municipality.
4. I will not use the municipality or any municipal program for my own personal advantage or for the advantage of my friends.
5. I will do everything possible to maintain the integrity, confidence and dignity of the office of a rural municipal council member.
6. I will listen to what other council members, individuals or groups may have to say before making final decisions.
7. I will endeavor to avoid hostility and bitterness, to observe proper decorum and behaviour, to encourage full and open discussions in all matters and not to withhold or conceal from my fellow council members any information or matter in which they should be concerned.

8. I will make no disparaging remarks, in or out of a council meeting, about other members of the council or their opinions, but I reserve the right to make honest and respectful criticism.
9. I will consider it unethical to pursue any procedure calculated to embarrass a fellow member of the council, a member of the municipal staff or another local government body.
10. I will treat my fellow council members, the municipal staff and the public I serve with respect and consideration.
11. I will recognize that authority rests with the council in legal session, and not with individual members of the council.
12. I will abide by majority decisions of the council once they are made.
13. I will not discuss confidential business of council outside of council and committee meetings.
14. I will endeavour to keep informed on all local, provincial and national municipal developments of significance.
15. I will earnestly try to interpret the peoples' needs of the entire municipality and do my best to implement action to meet those needs, keeping in mind budget limitations of the municipality.

200-4 Meeting Procedures

- ♦ All municipal business must be conducted at a properly constituted meeting. MA 119 & 120 and Council Procedures Bylaw.
- ♦ First meeting, regular meetings, special meetings and method of giving notice are found in the MA 121-124.
- ♦ Meetings are conducted under parliamentary procedures. Council motions are not required to be seconded.
- ♦ Voting, recorded vote, and tied vote are found in the MA 99-102.
- ♦ All council meetings and committee meetings must be **open to the public**. Any person considered to be guilty of improper conduct may be expelled and excluded from the meeting by the Reeve.
- ♦ Council or council committees may close all or part of a meeting to the public but only if the matter to be discussed is within one of the exceptions of Part III of *The Local Authority freedom of information and Protection of Privacy Act* or if it concerns long range or strategic planning, however all bylaws or resolutions must be voted on in open public meeting of council. MA 119 & 120
- ♦ Council meetings held solely for the purpose of long-range or strategic planning may be holed without giving notice to the public.
- ♦ A majority of council members including the Reeve constitutes a quorum required to lawfully transact business.
- ♦ A **quorum** is not affected by any member declaring a pecuniary interest and leaving the room.

200-4.1 Regular Meetings

Regular council meetings are the second Thursday of each month commencing at 9:30 a.m.

Regular scheduled council meeting dates may be made at a prior council meeting or if between council meetings up to 24 hours prior notice needs to be given to council members and to the public.

Regular meeting may be held with less than 24 hours' notice to council or committee members or to the public if all members of council or the committee sign a waiver of notice before the commencement of the meeting. MA 122

200-4.2 Special Meetings

Council may hold "special meetings" to deal with a specific issue. The special meeting must be called by having written notice served prior to the day of the meeting, 24 hours if delivered in person or 7 days by mail. The council meeting may be held without notice if all members are present and a resolution is adopted with a unanimous vote to waive notice. No business other than that stated in the notice is to be transacted at a special meeting unless all members of council are present and voted unanimously in favor of conducting other business at that meeting.

200-4.3 Meeting by Electronic Means

Council and committee meetings can be conducted by electronic means, such as telephone, electronic or other communication technologies if:

- ♦ the public has been provided notice of the meeting and how the meeting will be conducted;
- ♦ the facilities enable the public to at least listen to the meeting at a place specified in the notice;
- ♦ the Administrator is present at the place specified in the notice; and
- ♦ the facilities permit all participants to communicate adequately with each other during the meeting.

A member of a council or committee who participates in a meeting using electronic means is deemed to be present at the meeting.

200-5 Conflict of Interest

Conflict of interest occurs when a council member or someone in the member's family has a controlling interest or is a director or senior officer of a corporation that could make a financial profit or be adversely affected financially by a decision of council. A council member also has a

conflict of interest if he/she or a closely connected person could make a financial profit or be adversely affected by a decision of council. Members do not have a conflict of interest in any situation or matter that the council member (or closely connected person) may have as a voter, taxpayer or utility customer of the Municipality. MA 141 & 143

200-5.1 Declaration of a Conflict of Interest

It is the duty of the individual council member to determine whether or not he/she has a pecuniary interest with respect to the issue at hand.

When a member of council has a conflict of interest in a matter before council or council committee, it is the onus of the council member to:

- a) declare the interest before any discussion in the matter;
- b) abstain from voting on any question relating to the matter;
- c) abstain from discussion of the matter and
- d) leave the meeting while the matter is being discussed and voted on.

The member shall not attempt, either before, during or after the meeting to influence the voting in any way.

The Administrator shall record in the minutes any abstention or disclosure made by the member of council. The member is not counted for the purpose of determining whether a quorum of council is present when the matter or question is put to a vote. If the number of members declaring pecuniary interest in a matter results in a loss of quorum, the remaining members are deemed to be a quorum unless the number is less than 2. If all but one of the members declares pecuniary interest in a matter, the council may be resolution apply to a judge of the court for consideration of the matter.

These procedures apply to all council meetings and council committees.

200-6 Committees

Municipal councils can establish any council committees or other bodies (boards, associations, commissions, etc.) that are needed or desired for the Municipality and define the functions. What is the committee to do? What is the purpose of the committee? How often will the committee meet? Council may also set out the procedure and conduct of council, council committees and any other body established by council. MA 81

200-13 Disciplinary Procedures

The nature of discipline is corrective and its purpose is to motivate employees to accept rules and standards of conduct which are necessary to achieve the goals and objectives of the Municipality.

The Municipal Council agrees to act reasonably in all circumstances in applying disciplinary procedures. In the event the Municipal Council initiates a disciplinary action against an employee the following procedure shall be followed:

Oral Reprimand – The employee shall be interviewed by the Reeve and Administrator and made aware of the performance problem. The employee shall be heard and any explanation considered. The employee shall be made aware of the improvement expected. The date and content of the discussion are to be recorded in a memo to be retained in the employee’s personnel file.

Written Reprimand – If the desired degree of improvement does not follow the verbal warning or if a further incident occurs, whether it is a repetition of the first or a different infraction, a written warning is to be given to the employee by the administrator. The written warning shall include:

- ♦ Confirmation of the warning discussion
- ♦ Statement of the rule or standard abused or the nature of the unsatisfactory performance
- ♦ Statement describing the improvement that is required
- ♦ State consequences should situation not be rectified
- ♦ Written warning to be acknowledged by the employee in writing and a copy retained in the individual’s personnel file

The Municipal Council has the right to bypass discipline steps, depending on the type and severity of action and the impact on the job and fellow employees. Council may go directly to suspension if necessary.

200-14 Harassment Policy

1. Definition (section 2(1)(l) of the *Occupational Health and Safety Act, 1993*):

“Harassment” means any objectionable conduct, comment or display by a person that:

- a) is directed at a worker;
- b) is made on the basis of race, creed, religion, colour, sex, sexual orientation, marital status, family status, disability, physical size or weight, age, nationality, ancestry or place of origin; and
- c) constitutes a threat to the health or safety of the worker.

2. Worker right

Every worker is entitled to a working environment that is free of harassment.

3. Employer obligation

The R.M. of Webb will ensure that no worker is subjected to harassment at this place of employment.

4. Workers obligation

No worker shall cause or participate in the harassment of another worker.

5. Procedure for dealing with harassment concerns

All complaints will be taken seriously. The rights of all concerned will be respected. Workers are encouraged to use these steps to address incidents of alleged harassment internally.

1. A worker who believes that he/she has been subjected to harassment is encouraged to first clearly and firmly make known to the alleged harasser that the harassment is objectionable and must stop.
2. Where this cannot be done, or is unsuccessful, the worker should report (can be verbal) the alleged harassment to the Administrator. In the event that the complaint is against the administrator, the worker should report the alleged harassment to the Reeve who will then take it to Council.
3. Once a report is received, the Administrator shall immediately notify the alleged harasser of the complaint; provide the alleged harasser with information concerning the circumstances of the complaint; and undertake a confidential investigation.
4. Following the conclusion of the investigation, the Administrator will inform the complainant and the alleged harasser of the results of the investigation.

6. Resolution and corrective action

Where harassment has been substantiated, the Administrator will take appropriate corrective action to resolve the complaint. Where harassment has not been substantiated, no action will be taken against a worker who has made a complaint in good faith.

7. Confidentiality

The Administrator will not disclose the identity of the worker or the circumstances of the complaint, except where disclosure is necessary for the purpose of investigating or taking disciplinary action in relation to the complaint, or where such disclosure is required by law.

8. External complaints

Nothing in this policy prevents or discourages a worker from referring a harassment complaint to the Occupational Health and Safety Division under: *The Occupational Health and Safety Act, 1993*; particularly sections 3 and 4; and *The Occupational Health and Safety Regulation, 1996*; particularly section 36. A worker may also file a complaint with the

Saskatchewan Human Rights Commission under *The Saskatchewan Human Rights Code*, particularly section 16, 17, 18 and 27. A worker retains the right to exercise any other legal avenues available. For more information, contact the Department of Labour, Occupational Health and Safety Division, at (306) 787-4496.

9. Procedure for employees dealing with harassment from ratepayer

The employee is to make a written statement of the harassment and file it with the administrator. The administrator shall take the statement to the next council meeting. A letter shall be sent to the ratepayer notifying them that they should be addressing any issues or concerns to their divisional Councillor.

200-15 Employee Evaluations

The council will review each employee at the end of the year and fill out the employee evaluation forms and review with each employee.

All applicants will be informed that a Servicing Agreement will be necessary for any re-zoning including the costs and plans for roads, surface drainage, walkways and trails, street lighting, street and traffic signs, water supply, sewage disposal, solid waste disposal, power, natural gas, telecommunications, performance provision, etc.

Planning Bylaw Amendments are followed under Section 248 of The Planning and Development Act, 2007. Any questions can be directed to Community Planning.

The Council decided there are ample Lakeshore Development Zones on Duncairn Dam. No further Lakeshore Developments will be approved until the existing Sunridge, Olson (now Greenslade and Cormic), Gereke and Kemick (now Seitz) LD District areas are developed and filled. Res.147-08

600-9 ADD Board (District No. 9 Agricultural Development & Diversification Board)

The Municipality is a member; see Bylaw 1989-1 and Appointments. The district board provides resource information, group purchasing benefits on our rat control products, pest control programs and noxious weed control programs, etc.

The Municipality pays a membership to the ADD Board and that money comes from the Provincial Rat Eradication Program paid by through SARM.

700 Recreation and Cultural Services

700-1 Recreation Facilities

The Municipality along with The RMs of Carmichael and Gull Lake and the Villages of Tompkins and Webb participate in the creation of an Inter-municipal Recreation Program (CGTW Culture and Recreation Board) for the purpose of funding recreation and cultural director and facilities in the southwest area. Bylaw No. 2019-02

The RMs pay an annual payment of \$10,000 and the Villages pay an annual payment of \$1,000 to fund the program as well as each municipality pays an additional levy of \$10.00 per capita each year. The board consists of an appointed member from each participating municipality, see the Appointments.

700-2 Regional Parks

The Municipality along with the R.M.'s of Carmichael No. 109, Gull Lake No. 139, Riverside No. 168, Pittville No. 169, Miry Creek No. 229, the Villages of Tompkins, Carmichael, Webb, Hazlet, Abbey and the Town of Gull Lake participate in the Antelope Regional Park agreement for the purpose of funding. The Municipality appoints a representative to the board and pays an annual levy based on population and distance factor for capital and annual maintenance.

700-3 Library

- ♦ The Library is an incorporated entity and administered by a Regional Librarian and executive board of directors elected from and by the General Board of Municipal appointees.
- ♦ The Municipality makes an annual appointment to the Regional Library board and to the local Swift Current Library Board. See Appointments.
- ♦ The Chinook Regional Library is responsible for funding the programs, book inventory, wages, etc.
- ♦ The Municipalities pay an annual levy to the Regional Library based on population and budgetary requirements and general board approval according to *The Library Act*.

800 Fiscal Services

800-1 Revenues

The Municipality derives 76% of its revenues from property taxation on the assessment base, 63% from the oil and gas industry and commercial, 29% from agricultural and 8% residential property. The other revenue generating areas are grants, drilling licenses, interest and custom work services provided by the municipality.

800-2 Debt Limits and Borrowing

Saskatchewan Municipal Board approval is needed and council must pass a borrowing bylaw if the borrowing:

1. will cause the municipality to exceed its debt limit;
2. is not repayable within three years after the borrowing is made; or
3. is to be secured by the issue of debentures of the municipality.

If Council is borrowing money to finance operating expenditures, it may do so by resolution or by bylaw. Municipalities may also issue debentures for the creation of long-term debt.

800-3 Five Year Plan

The Municipality has a five-year financial plan in place which is reviewed and updated each year at budget time. The plan was developed in March, 2008, it sets out the policy, objectives and goals for the municipality's financial planning.

800-3.1 Planning Policy

That the Municipality review annually a five-year roll over plan of the five-year financial plan.

800-3.2 Planning Objective

To develop and maintain a six-year rolling plan for the operation of the municipality with consultation with various committees to be presented to Council for approval and implementation each year.

800-3.3 Planning Procedure

The planning procedure each year shall include an inventory of the municipality's current assets and liabilities including maintenance of the municipality's infrastructure, and evaluation of the assets and liabilities and project the financial needs over a six-year period.

800-3.4 Five Year Goals

The main goal of the five-year plan is to maintain a sound financial standing and prevent large fluctuations in the levies and the municipal taxes paid by the property owners in the R.M. of Webb.

The plan sets out the following goals to guide the annual budgeting process:

- ♦ Add to equipment reserve for the replacement of municipal equipment
- ♦ Construct or add to road construction reserve
- ♦ Road construction plan

800-3.5 Road Work

The six-year plan indicates an average of four miles of designated roads a year, if road work falls short of the average miles, then the balance of the money must be set aside into a road construction reserve for the future.

800-4 Road Tour

At this time the R.M. of Webb does not have a road tour. Generally, a road tour is in March or early April where Council travels and inspects the roads for budgeting purposes. This gives each division councillor an overview of other divisions and their particular needs.

800-5 Budget Procedure

Early in the year each Councillor provides the administrator with a gravel map and an updated road work map for the Municipality and a list of equipment maintenance and major capital requirements to be considered for the year and incorporated into the budget. Any major capital requirements or deviation from the six-year plan should be considered for budgeting purposes, they should be brought to a council meeting prior to April 1st.

In December of the previous year council must decide on the designated road construction projects for grant application purposes and for the succeeding year's budget.

In late March or early April each year, Council confirms the year's major road work, capital purchases, the annual budget, sets mill rates and the tax tools for the year.

800-6 Mill Rate and Tax Tools

The Council sets a uniform mill rate based on the revenue required to meet the needs of the annual budgeted expenditures. The tax revenue is calculated by multiplying the municipality's

taxable assessment by the uniform mill rate and by the applicable mill rate factor. See Bylaw 2012-1

800-7 Grants in Lieu of Taxes

Certain tax exempt properties provide the Municipality with grants equivalent to taxable properties. These properties are the CPR railway, the PFRA pasture, Prairie Wildfire Centre (Public Works), and Sask Tel tower facilities.

800-8 Reserves

The Municipality operates with several reserves which permit it to maintain its infrastructure, capital needs and to keep the mill rates from taking significant increases in any given year. The reserves consist of the following accounts:

General Surplus, Capital Equipment, Road Construction, and Reserve for Dedicated Lands

800-9 Gravel Inventory

The Municipality owns one gravel pit known as the Beattie Pit NE 12-13-16 W3.
